Quay PlasticsTM

PLASTIC BUILDING PRODUCTS

60mm and 70mm Chamfered Windows

The Quay Plastics range of chamfered windows are available in both 60mm and 70mm – perfect for projects where high performance, security and energy efficiency are top of the list.

Simple to fit and available at great trade prices...you can't go wrong.

Made from Profile 22, our windows are available in a complete range of styles as well as a choice of seven foiled colours and a range of leaded, bevelled, Georgian or astragal bar glass designs.

Window Energy Ratings

- A range of A and C rated windows
- Available in 60mm and 70mm chamfered systems
- Includes sustainable RCM (recycled composite material) reinforcement
- Will reduce customers heating bills
- Will save tonnes of CO₂
- Shows you are an environmentally responsible company

In addition to our standard range we now also offer both A and C Energy Rated Windows in our 60mm and 70mm chamfered systems.

We are all under continual pressure to lower our carbon footprint and become more sustainable. As these issues have increased in importance consumers have become more aware of the benefits of Window Energy Ratings so you need to be able to offer them. At Quay Plastics we make it simple by supplying a range of fully glazed A and C rated windows.

Elegant Sculptured Suite

The Quay Plastics 70mm fully sculptured suite offers an elegant alternative to the clean lines of our chamfered system.

The curved edges provide authentic appeal offering a perfect substitute for timber.

- Fully sculptured suite
- High security hardware
- Fully welded frames
- 28mm internally glazed
- Slimline outer frame
- Energy efficient
- Complies to the latest building regulations
- Available in Rosewood, Antique Oak & White, or woodgrain on White
