

New Larger range of Gale Grey foiled profiles...

QuayCell

As Gale Grey becomes more popular in the window and door market the Quaycell range of this popular colour has been extended to include fascias, soffits and trims.

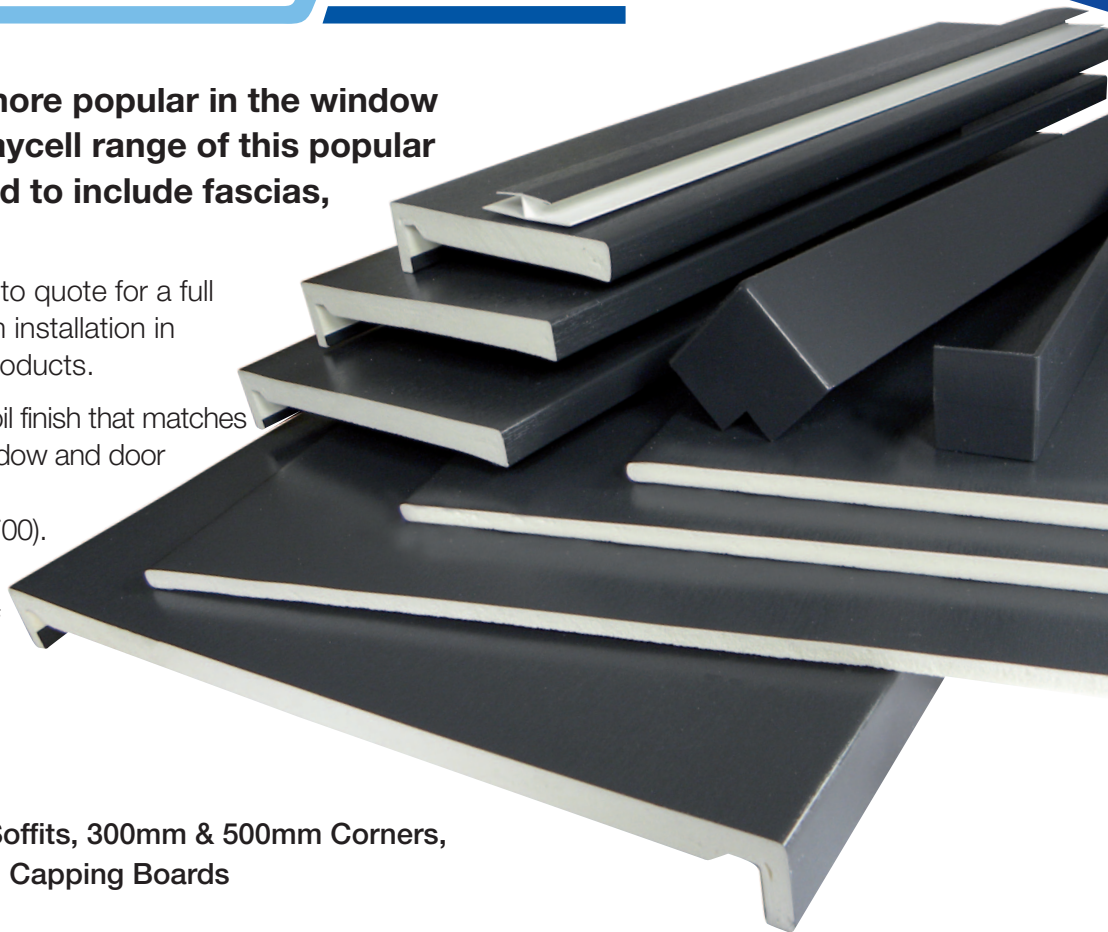

It is now possible for an installer to quote for a full fascia, cladding and window trim installation in Gale Grey foils using Quaycell products.

Quaycell Gale Grey is a grained foil finish that matches the foiled colour known in the window and door industry as Anthracite Grey (RAL:7016, Renolit 7016 05-116700).

For details of the full Quaycell Gale Grey range see the back of this leaflet. Gale Grey is guaranteed for 10 years.

New Range Additions

16mm Square Fascias, 9mm Soffits, 300mm & 500mm Corners, 300mm & 500mm Joints, 9mm Capping Boards

Colour Ref: X = Gale Grey Foil
